RC8RZJ	R Final Edition	3.0 eHybrid 462HP DSG	129g	17.5%	5.7	€200	<b>€105,995</b>	€1,985	<b>€107,980</b>

## Diesel

Model Code	Model	Engine / Transmission	CO <sub>2</sub> <sup>2</sup>	VRT <sub>2</sub>	Consumption <sub>2</sub>	Annual Road Tax <sub>1</sub>	RRP <sub>3</sub>	Delivery & Service <sub>3</sub>	ROTR*
RC854J	R-Line Final Edition	3.0 TDI 231HP DSG	226g	41%	8.6	€2,400	<b>€111,995</b>	€1,985	<b>€113,980</b>

(1) VRT Bands and rate of Annual Road Tax are valid as of 1st January 2022 and calculated from the base model WLTP values for model year 2026 cars produced from CW48/2025 onwards. All vehicles with TBC are subject to EU type approval and with that were not available at time of going to print.

(2) The specified fuel consumption and emission values are the official figures obtained from tests under standardised EU test conditions in accordance with the Worldwide Harmonized Light Vehicles Test Procedure (WLTP). The above values reflect the standard vehicle excluding additional equipment such as optional extras and accessories which may have an effect on the fuel consumption (l/100km) and CO<sub>2</sub> emissions produced. WLTP range values for standard vehicles may vary depending on equipment. In practice, the actual range varies depending on driving style, speed, use of convenience/auxiliary equipment, outside temperature, number of passengers/additional load, and topography. To discover exact values please configure your desired vehicle at [volkswagen.ie/build](http://volkswagen.ie/build). You can discover more about the WLTP at [volkswagen.ie/wltp](http://volkswagen.ie/wltp).

(3) All prices (Retail, Delivery & ROTR) are recommended by Volkswagen Ireland. €1,985 includes optional Service Plan which can be removed upon request. Maximum delivery charge with Service Plan removed is €1,125. \*Recommended On the Road Price. The new Service Plan is applicable to 261 registrations only.

• Importantly note that the rate at which your vehicle pays Vehicle Registration Tax may increase as a result of your vehicle configuration. For more information, please consult your local Authorised Volkswagen retailer.

• In accordance with (EU) 2020/740 ("Tire Labeling Regulation"), please visit [volkswagen.ie](http://volkswagen.ie) configurator for details relating to the tyres applicable to said vehicles.

• Please note every effort has been made to ensure the contents of this publication (including RRP, CO<sub>2</sub>, fuel consumption and technical information) were accurate and up-to-date upon publishing on January 1<sup>st</sup> 2026. Volkswagen Ireland reserves the right to change specification, prices and withdraw products from sale without notice. Any such alterations will be notified to Volkswagen Retailers at the earliest opportunity. Please consult your local Authorised Volkswagen retailer for the latest product information.

• 3 Years Tyre Insurance covers tyres that are damaged by an Insured Event. Exclusions do apply. For more information on general terms and conditions, please visit [volkswagen.ie](http://volkswagen.ie)

## IQ.DRIVE assistance systems package

### **Travel Assist**

Travel Assist actively helps you stay in your lane. It also helps you to maintain a selected maximum speed and the optimum safe distance to the vehicle in front. In addition, you also benefit from predictive speed adjustment and cornering assistance: your vehicle can react to upcoming curves and roundabouts and adjust its speed safely.

### **Front Cross Traffic Assist**

Front Cross Traffic Assist can help you when approaching unclear junctions and exits by warning you acoustically and visually about other vehicles. If necessary, it can even apply emergency braking automatically to avoid an accident.

### **Proactive Occupant Protection System**

The Proactive Occupant Protection System can detect dangerous situations with the potential for accidents and automatically take precautions depending on the situation. It can detect dangerous situations in the front, rear and side areas. The windows and sunroof are closed except for a gap in order to optimise the effect of the airbags. The front seat belts are tightened at lightning speed to keep the driver and front passenger in place. The hazard lights are activated.

Discover the optional upgrades for you. Discover more at [volkswagen.ie](http://volkswagen.ie)

## Park Assist package incl. Park Assist Pro

### Park Assist Pro

Not only can the optional Park Assist Pro tell you as you pass by whether a parking space is big enough – it can also drive into the parking space for you. Up to a speed of 40 km/h, it will search for suitable parallel parking spaces – parking bays up to a speed of 20 km/h. Once you have decided on one of the parking spaces found, you can start the parking process. Park Assist Pro takes over everything for you: steering, acceleration and braking. All you have to do is monitor the parking process. Park Assist Pro can also drive the vehicle out of parallel parking spaces again.

Park Assist Pro also makes getting into and out of the car easier – without having to squeeze into tight spaces. It offers you the option of starting the automatic parking process via the Park Assist Pro app.

### Area View

Area View makes parking and maneuvering easier: 4 cameras show you curbs, parking markings and obstacles in a 360° view around your vehicle – clearly arranged on the infotainment display. Area View also shows you areas that are outside of your direct field of vision making it much easier to park within parking space lines.
